SENATE CONSTITUTIONAL AMENDMENT No. 35.

Relative to taxation.

Resolved by the Senate, the Assembly concurring, That the Legislature of the State of California at its forty-fourth regular session, two-thirds of the members elected to each of the Houses thereof, voting in favor hereof, hereby proposes to the people to amend section 14 of article XIII of the constitution of the State to read as follows:

Sec. 14. Taxes levied, assessed and collected as hereinafter provided upon railroads; street railways; interurban electric railways, whether operated in one or more counties; gasoline propelled interurban railways; sleeping car, dining car, drawing room car and palace car companies, refrigerator, oil, stock, fruit, and other carloaning and other car companies operating upon railroads in this State; companies doing express business on any railroads, steamboat, vessel or stage line in this State; telegraph companies; telephone companies; companies engaged in the transmission or sale of gas or electricity, insurance companies; banks, banking associations, savings and loan societies, and trust companies, and taxed upon all franchises of every kind and nature, shall be entirely and exclusively for State purposes, and shall be levied, assessed and collected in the manner hereinafter provided. The word "companies" as used in this section shall include persons, partnerships, joint stock associations, companies and corporations.

(*a*) All railroad companies, street railway companies, interurban electric railway companies and gasoline propelled interurban railway companies, whether operated in one or more counties; all sleeping car, dining car, drawing room car, and palace car companies, all refrigerator, oil, stock, fruit and other car-loaning and other car companies, operating upon the railroads of this State; all companies doing express business on any railroads, steamboats, vessel or stage line in this State; all telegraph and telephone companies; and all companies engaged in the transmission or sale of gas or electricity shall annually pay to the State a tax upon their franchises, roadways, roadbeds, rails, rolling stock, poles, wires, pipes, canals, conduits, rights of way, and other property, or any part thereof used exclusively in the operation of their business in this State, computed as follows:

Said tax shall be equal to the percentages hereinafter fixed upon the gross receipts from operation of such companies, and each thereof within this State. When such companies are operating partly within and partly without this State, the gross receipts within this State shall be deemed to be all receipts on business beginning and ending within this State, and a proportion, based upon the proportion of the mileage within this State to the entire mileage over which such business is done, of receipts on all business passing through, into, or out of this State.

The percentages above mentioned shall be as follows: On all railroad companies, seven per cent; on all street railway companies, interurban electric railway companies and gasoline propelled interurban railway companies, five and one-quarter per cent; on sleeping car, dining car, drawing room car, palace car companies, refrigerator, oil, stock, fruit and other car-loaning and other car companies, five and one-quarter per cent; on all companies doing express business on any railroad, steamboat, vessel or stage line, one per cent; on all telegraph and telephone companies, five and one-half per cent; on all companies engaged in the transmission or sale of gas or electricity, seven and one-half per cent. Such taxes shall be in lieu of all other taxes and licenses, State, county and municipal, upon the property above enumerated of such companies except as otherwise in this section provided; *provided*, that nothing herein shall be construed to release any such company from the payment of any amount agreed to be paid or required by law to be paid for any special privilege or franchise granted by any of the municipal authorities of this State.

(*b*) All companies engaged in the operation of motor vehicles for the transportation of persons or property for compensation, other than taxicabs, hotel busses, or sight-seeing busses, and companies operating motor vehicles as a part of or incidental to a commercial, industrial, or agricultural enterprise, when the compensation therefor is charged or absorbed in the amount paid for the product furnished by

such enterprise, shall annually pay to the State a tax of two per cent upon its gross receipts within this State, as defined in this section. Such tax shall be in lieu of all other taxes and licenses, State, county and municipal, upon the property used exclusively in such transportation business, except as otherwise in this section provided; *provided*, that nothing herein shall be construed to release any such company from the payment of any amount agreed to be paid or required by law to be paid for any special privilege or franchise granted by any of the municipal authorities of this State.

(*c*) Every insurance company or association doing business in this State shall annually pay to the State a tax of two and sixty-hundredths per cent upon the amount of the gross premiums received upon its business done in this State, less return premiums and reinsurance in companies or associations authorized to do business in this State; *provided*, that there shall be deducted from said two and sixty-hundredths per cent upon the gross premiums the amount of any county and municipal taxes paid by such companies on real estate owned by them in this State. This tax shall be in lieu of all other taxes and licenses, State, county and municipal, upon the property of such companies, except county and municipal taxes on real estate, and except as otherwise in this section provided; *provided*, that when by the laws of any other state or country, any taxes, fines, penalties, licenses, fees, deposits of money or of securities, or other obligations or prohibitions, are imposed on insurance companies of this State, doing business in such other state or country, or upon their agents therein, in excess of such taxes, fines, penalties, licenses, fees, deposits of money or of securities, or other obligations or prohibitions, are imposed on insurance companies of this State, doing business in such other state or country, or upon their agents therein, in excess of such taxes, fines, penalties, licenses, fees, deposits of money, or of securities, or other obligations or prohibitions, imposed upon insurance companies of such other state or country, so long as such laws continue in force, the same obligations and prohibitions of whatsoever kind may be imposed by the Legislature upon insurance companies of such other state or country doing business in this State.

(*d*) The shares of capital stock of all banks, organized under the laws of this State, or of the United States, or of any other state and located in this State, shall be assessed and taxed to the owners or holders thereof by the State Board of Equalization, in the manner to be prescribed by law, in the city or town where the bank is located and not elsewhere. There shall be levied and assessed upon such shares of capital stock an annual tax, payable to the State, of one and forty-five hundredths percentum upon the value thereof. The value of each share of stock in each bank, except such as are in liquidation, shall be taken to be the amount paid in thereon, together with its pro rata of the accumulated surplus and undivided profits. The value of each share of stock in each bank which is in liquidation shall be taken to be its pro rata of the actual assets of such bank. This tax shall be in lieu of all other taxes and licenses, State, county, and municipal, upon such shares of stock and upon the property of such banks, except county and municipal taxes on real estate and except as otherwise in this section provided. In determining the value of the capital stock of any bank there shall be deducted from the value, as defined above, the value as assessed for county taxes, of any real estate other than mortgage interests therein, owned by such bank and taxed for county purposes. The banks shall be liable to the State for this tax and the same shall be paid to the State by them on behalf of the stockholders in the manner and at the time prescribed by law, and they shall have a lien upon the shares of stock and upon any dividends declared thereon to secure the amount so paid.

The moneyed capital, reserve, surplus, undivided profits and all other property belonging to unincorporated banks or bankers of this State, or held by any bank located in this State which has no shares of capital stock, or employed in this State by any branches, agencies, or other representatives of any banks doing business outside of the State of California, shall be likewise assessed and taxed to such banks or bankers by the said Board of Equalization, in the manner to be provided by law and taxed at the same rate that is levied upon the shares of capital stock of incorporated banks, as provided in the first paragraph of this subdivision. The value of said property shall be determined by taking the entire property invested in such business, together with all the reserve, surplus and undivided profits, at their full cash value, and deducting therefrom the value as assessed for county taxes of any real estate, other than mortgage interests therein, owned by such bank and taxed for county purposes. Such taxes shall be in lieu of all other taxes and licenses, State taxes, county and municipal, upon the property of the banks and bankers, mentioned in this paragraph, except county and municipal taxes on real estate and except as otherwise in this section provided. It is the intention of this paragraph that all moneyed capital and property of the banks and bankers mentioned in this paragraph shall be assessed and taxed at the same rate as an incorporated bank, provided for in the first paragraph of this subdivision. In determining the value of the moneyed capital and property of the banks and bankers mentioned in this subdivision, the said State Board of Equalization shall include and assess to such banks all property and everything of value owned or held by

them, which go to make up the value of the capital stock of such banks and bankers, if the same were incorporated and had shares of capital stock.

The word "banks" as used in this subdivision shall include banking association, savings and loan societies and trust companies, but shall not include building and loan associations.

(e) All franchises, other than those expressly provided for in this section, shall be assessed at their actual cash value, in the manner to be provided by law, and shall be taxed at the rate of one and sixty hundredths per centum each year, and the taxes collected thereon shall be exclusively for the benefit of the State.

(f) Out of the revenues from the taxes provided for in this section, together with all other State revenues, there shall be first set apart the moneys to be applied by the State to the support of the public school system and the State University. In the event that the above named revenues are at any time deemed insufficient to meet the annual expenditures of the State, including the above named expenditures for educational purposes, there may be levied in the manner to be provided by law a tax, for State purposes, on all the property in the State including the classes of property enumerated in this section, sufficient to meet the deficiency. All property enumerated in subdivisions (a), (b), (c) and (e) of this section shall be subject to taxation, in the manner provided by law, to pay the principal and interest of any bonded indebtedness created and outstanding by any city, city and county, county, town, township, or district, on the eighth day of November, 1910. The taxes so paid for principal and interest on such bonded indebtedness shall be deducted from the total amount paid in taxes for State purposes.

(g) All the provisions of this section shall be self executing, and the Legislature shall pass all laws necessary to carry this section into effect, and shall provide for the valuation and assessment of the property enumerated in this section, and shall prescribe the duties of the State Board of Equalization and any officers in connection with the administration thereof.

The rates of taxation fixed in this section shall remain in force until changed by the Legislature, a majority of all the members elected to each of the two houses voting in favor thereof. The taxes herein provided for shall become a lien on the first Monday in March of each year after the adoption of this section and shall become due and payable on the first Monday in July thereafter. The gross receipts and gross premiums herein mentioned shall be computed for the year ending the thirty-first day of December prior to the levy of such taxes and the value of any property mentioned herein shall be fixed as of the first Monday in March. Nothing herein contained shall affect any tax levied or assessed prior to the adoption of this section; and all laws in relation to such taxes in force at the time of the adoption of this section shall remain in force until changed by the Legislature. The Legislature shall provide for reimbursement from the general funds of any county to districts therein where loss is occasioned in such districts by the withdrawal from local taxation of property taxed for State purposes only.

(h) The Legislature, a majority of all the members elected to each of the two houses voting in favor thereof, in fixing the rates of taxation pursuant to the provisions of this section may classify and reclassify, divide and subdivide the several groups of franchise holders mentioned therein, and fix such rates as it may determine for the respective classes, subclasses, divisions or subdivisions so established by it from time to time.

(i) No injunction shall ever issue in any suit, action or proceeding in any court against this State or against any officer thereof to prevent or enjoin the collection of any tax levied under the provisions of this section; but after payment action may be maintained to recover any tax illegally collected in such a manner and at such time as may now or hereafter be provided by law.

ASSEMBLY JOINT RESOLUTION No. 24.

Relative to needy Indians within the State of California.

WHEREAS, There are within the borders of the State of California approximately twenty thousand Indians on land of little or no value, of whom at least four thousand are without any land or homes, and furthermore, there are about four thousand Indian children of school age of whom two thousand five hundred are without adequate or any school facilities, and a considerable number of the Indian population are without necessary food, shelter and medical attendance; and

WHEREAS, The national government through a duly authorized commission in the years 1851 and 1852 negotiated eighteen separate treaties with the Indians of this State, and secured the signatures of four hundred one Indian chiefs and headmen to said treaties, agreed to reserve for them in perpetuity about seven million five hundred thousand acres of land and to pay said Indians approximately one million eight hundred thousand dollars in sundry goods for the other lands they agreed to cede to the United States and to provide them with sufficient educational and agricultural instruction, and the facilities necessary therefor; and

WHEREAS, The national government has so signally failed to keep faith with these defenseless people, as provided for in said treaties or to compensate them for any of their rights in land or to provide for them educationally or otherwise, in accordance with its policy adhered to everywhere else; and

WHEREAS, The massing of these Indians in thinly populated districts makes provision for them at the expense of their white neighbors, under the prevalent school and pauper laws of the State an unfair, inequitable and intolerable burden; and

WHEREAS, It has been the general policy of the national government to assume the care and education of the Indians, yet it has not always been practicable or for the best interests of the Indians themselves to remove them to reservations; and

Resolved by the Assembly and Senate of the State of California, jointly, That our representatives in Congress be and are hereby memorialized to attempt to secure provision in the Indian appropriation bill (1) for the purchase of adequate and permanent allotments with necessary improvements for homeless Indians; (2) for providing school buildings and equipment for Indians in public school districts where the Indian population and the necessities warrant it; and (3) for cooperation with county officials in securing proper care for sick and destitute Indians, until the necessity therefor no longer exists; and be it further

Resolved, That our representatives in Congress be, and are hereby, urged to put forth their best efforts to secure the enactment by Congress of a bill conferring jurisdiction upon the court of claims of the United States to hear and to adjudicate all claims, both legal and equitable, which the several tribes or bands of Indians of California may have against the United States government for lands taken from them without compensation therefor; and be it further

Resolved, That the Governor of the State of California, upon the passage of this resolution, shall forward a copy thereof to each of our representatives in Congress, to the chairman of the Committee on Indian Affairs of the Senate and to the chairman of the Committee on Indian Affairs of the House of Representatives, to the Commissioner of Indian Affairs and to the Secretary of the Interior.

EXPLANATION OF VOTE.

The following explanations of votes on Assembly Bill No. 849, known as the "Wright Enforcement Measure," were received and ordered printed in the Journal:

By Senator Otis:

I voted in favor of the above bill for the following reasons:

First—The Wright bill is distinguished from the so-called Harris act in that the latter limited the alcoholic contents of beverages to one-half of one per cent. Therefore, if the Wright bill should become a law and Congress should raise the alcoholic contents of beverages, automatically the same percentage in beverages would be allowed in California.

Second—It does not create any new enforcement officers, nor does it increase the taxes. This, it is claimed, the Harris act did.

The voters of my district turned down the Harris law, but principally because of the above two grounds. The Wright bill merely follows out the national constitution.

Third—The Wright enforcement measure provides only that the laws of this country should be enforced, and the State of California should enforce the laws as provided by the national constitution. The State of California should enforce not only some of the laws, but should enforce all laws. Therefore, as the Wright measure differs materially in many respects from the so-called Harris measure and the question of enforcing a national law was involved, it was incumbent on me to vote in the affirmative. Furthermore, the Wright measure is subject to referendum by the voters, and they have the final word.

In voting affirmatively I was only following my oath to support the Constitution of the United States and the laws enacted pursuant to it, which are the supreme laws of the land.

EDWIN M. OTIS.

EXPLANATION OF VOTE.

By Senator Chamberlin:

I voted against the so-called Wright bill, Assembly Bill No. 849, because, in so far as the principle involved is concerned, it is identical with the so-called Harris bill, which the people of California defeated by a substantial majority at the general election last November. In addition to the State-wide majority against the Harris bill, a majority of my constituents in the Thirty-first Senatorial District, which I represent, voted against it, thereby ratifying my negative vote thereon in the last Legislature.

I am not an advocate of lawlessness or anarchy; neither am I a political prohibitionist or a believer in overriding the expressed will of a majority of the people of California and of my own constituency upon any question. I would have gladly supported this measure had my proposed amendment thereto, providing that the same would not take effect until ratified by a majority of the voters of the State, been adopted. Without this amendment in the bill, I believed it to be my duty to oppose it.

HARRY A. CHAMBERLIN.

AMENDMENT NUMBER THREE.

On page 2 strike out all of lines 12 to 14, inclusive, and insert in lieu thereof the following: "as amended, is hereby amended to read as follows:

Sec. 6. Whenever a deposition or complaint shall be filed in any court other than a superior court charging a person with a crime and it shall be suggested or

shall appear to the judge, justice or recorder before whom such person is brought that the person charged was at the date the offense is alleged to have been committed under the age of eighteen years, said judge, justice or recorder, shall immediately suspend all proceedings against such person on said charge and examine into the age of such person, and if, from such examination, it shall appear to the satisfaction of said judge, justice or recorder, that such person was at the date the offense is alleged to have been committed under the age of eighteen years, he shall forthwith certify to the juvenile court of his county (*a*) that said person (naming him) is charged with such crime (briefly stating its nature); (*b*) that said person appears to be under the age of eighteen years, giving date of birth when known, and (*c*) that proceedings have been suspended against such person on such charge by reason of his age, with the date of such suspension; and immediately thereupon all proceedings against the said person on said charge shall be suspended until said juvenile court shall issue its mandate, as hereinafter provided, directing the court before which said charge was made to proceed with the examination into or trial thereof, and the court so suspending its proceedings shall forthwith cause such person to be taken before the juvenile court of the county for consideration and proceedings under this act. To such certification said judge, justice or recorder, or the clerk of said court shall attach a certified copy of said original deposition or complaint, and when such person shall be brought before the judge of the juvenile court, said judge shall direct the probation officer to file a petition as provided in section 3 of this act, except that said petition need not be verified; and said probation officer shall forthwith comply with such directions. Pending such hearing said judge may admit said person to bail or otherwise provide for his temporary custody in any manner provided herein for the care of a ward of the juvenile court. The proceedings thereafter shall be the same as in the case of a verified petition; *provided, however*, that if said judge of the juvenile court shall after such investigation decide that the person was at the time said offense was alleged to have been committed of the age of eighteen years or more, such determination shall be conclusive and he shall immediately issue his mandate directing the court before which such charge is pending to proceed therewith, and upon receipt of such mandate said court shall proceed with the examination or trial of said charge as though no suspension thereof had taken place; except that if said judge of the juvenile court shall find that the person so charged is under the age of twenty-one years, and a fit subject for consideration under the provisions of this act, he may make such order or orders hereunder as he may deem best in relation to such person; but if such judge shall at any time conclude that such person is not a fit subject for further consideration under this act, he may sit as a committing magistrate and hold a preliminary examination if such person is charged with a felony, or he may remand such person to the court in which said person is charged with said offense for further proceedings on said charge, and upon receipt of the mandate of said juvenile court, or the judge thereof, the court before which said charge is then pending shall be vested with full authority to proceed with the examination or trial thereof.

All statutes of limitations relating to the charge so pending against such person shall be suspended as to said person and charge from the issuance by said judge, justice or recorder of his certificate hereinbefore provided for until said juvenile court, or judge thereof, shall issue its mandate remanding such person for further proceedings as aforesaid; and all statutes of limitation relating to any charge, made in any court, against any person under the age of twenty-one years, shall be suspended as to such charge and person whenever, and as long as, such person is before the juvenile court for consideration under the provisions of this act, or is subject to detention by virtue of any commitment issued hereunder and unrevoked; but if said person shall be discharged by the juvenile court or shall be honorably dismissed by the authorities of the appropriate State school, such order of discharge or dismissal shall constitute a bar to any further proceedings in any court against said person upon said charge.

SEC. 2. Section 8 of said act is hereby amended to read as follows:

SEC. 8. When any person alleged to come within the provisions of any of subdivisions 1 to 13 inclusive of section 1 of this act shall be adjudged by said court or judge to come within the terms of any of said subdivisions, and adjudged to be a ward of the juvenile court, the court may make an order committing said person for such time as the court may deem fit, but not beyond the time during which the court retains jurisdiction as prescribed by the provisions of section 12 hereof, either (*a*) to the home and care of some reputable person of good moral character, or (*b*) to the care of some association, society or corporation embracing within its objects the purpose of caring for or obtaining homes for such persons, willing and able to receive and care for said ward, or (*c*) to the care of the probation officer, to be boarded out or placed in some suitable family home, in case provision is made by voluntary contribution, or otherwise, for the payment of the board of said ward until suitable provision may be made for said ward in a home without such payment, said ward to be subject to the supervision of the probation officer and the further order of the court; or (*d*) on probation to the care of the probation officer, said ward to remain in the home of said ward, or in any other fit home in which the court may

order the probation officer to place said ward, subject to the visitation of the probation officer, said ward to report to the probation officer as often as may be required, and to be subject to be returned to the court for further proceedings whenever such action may appear necessary or desirable; or (c) the court may, if said ward of the juvenile court be a boy, commit him to the Preston School of Industry, or to the Whittier State School, for the period during which the court retains jurisdiction; *provided*, that no boy under the age of fifteen years shall be committed to the Preston School of Industry, nor any boy over the age of sixteen years to the Whittier State School, or if said ward be a girl, the court may commit her to the California School for Girls, for the period during which the court retains jurisdiction, or (q) may commit such person to any other State or county institution that is now established or may hereafter be established for the purpose of caring for and training persons that come within the provision of this act; *provided, however*, that before conveying any such person to any such institution it shall be ascertained from the superintendent thereof whether such person can be received; *provided, however*, that such commitment under this act to either the Preston School of Industry or the Whittier State School shall permit the transfer of any such boy from one institution to the other upon the agreement thereto by the superintendents of such institutions; *and provided, further*, that any boy committed to the Whittier State School who has passed his fifteenth birthday, and who after due trial and a reasonable opportunity has failed to make a satisfactory response to the training and instruction therein given and who has persistently resisted the discipline of said school; and any boy who has passed his fifteenth birthday and while still under commitment to said school, violates the conditions of which he may have been permitted to leave said school, shall on the recommendation of the superintendent of said Whittier school, approved by the board of trustees thereof, be transferred to and be received by the Preston School of Industry.

When any person alleged to come within the provisions of any of subdivisions 1 to 13 inclusive of section 1 of this act shall be found by said court to come within said provisions, said court may at its discretion admonish said person and dismiss said petition.

No ward who is under the age of eight years and no ward who is suffering from any contagious, infectious, or other disease which would probably endanger the lives or health of the other inmates of said State schools shall be committed thereto. No person under the age of fourteen years at the time of the commission of any offense with which he may be charged shall ever be sent to a State prison unless he has first been committed to the Whittier State School, or the Preston School of Industry, and has there proved to be incorrigible or not amenable to the discipline of said school. No ward shall be committed to said State school unless the judge of said court shall be fully satisfied that the mental and physical condition and qualifications of said ward are such as to render it probable that such ward will be benefited by the reformatory educational discipline of such schools.

Accompanying the commitment papers, the court must send to the superintendent of the State institution to which said person is committed a summary of all the facts in the possession of the court, covering the history of the ward committed, including a statement of the mental and physical condition of said ward.

SEC. 3. Section 11 of said act is hereby amended to read as follows:

SEC. 11. Any order providing for the care and custody of a ward of the juvenile court in such case where it is necessary that provision be made for the expense of support and maintenance of said ward, must direct that the whole expense of such support and maintenance of said ward, up to the amount of twenty dollars per month, shall be paid from the county treasury of the county, and in such case shall state the amount to be so paid from the county treasury of the county the amount so ordered to be paid not to exceed, in the case of any one ward, the sum of twenty dollars in any one month.

At the time of making any order providing for the support and maintenance of a ward of the juvenile court, said court shall inquire into the earnings, property or estate of said ward, and into the ability of the parent, parents, guardian of said ward, or other person liable for the support and maintenance of said ward, to pay for the expense of support and maintenance of said ward.

If it is found that twenty dollars a month is insufficient to pay the whole expense of support and maintenance of said ward, the court may order and direct that such additional amount as may be necessary shall be paid out of the earnings, property or estate of said ward, or by the parent, parents, guardian of said ward, or other person liable for the support and maintenance of said ward, to said probation officer, who shall in turn pay the same to the person, association or institution that under court order is caring for and maintaining said ward.

Said court shall further order and direct that the county for its expense of support and maintenance of any such ward shall be reimbursed, either in whole or in part, from the earnings, property or estate of said ward, or by the parent, parents, guardian of said ward, or other person liable for the support of said ward, if it is found that there are earnings, property or estate of said ward sufficient therefor, or that said parent, parents, guardian of said ward, or other person liable for the support of said ward, is able to pay, either in whole or in part, for such expense of support and maintenance of said ward, and for the purpose of said reimbursement may order and direct payments to be made to the probation officer from the earnings,

property or estate of said ward, or by the parent, parents, guardian of said ward, or other person liable for the support of said ward, the amount of which payments shall be determined by said court and which said payments shall be paid by said probation officer in turn to the county treasurer of said county on account of said reimbursement.

No order for payment shall be made in a sum in excess of the actual cost of supporting and maintaining said ward. No order for the payment from the county treasury of the expense of support and maintenance of a ward of the juvenile court shall be effective for more than six months, and upon all said original and all subsequent hearings the case shall be continued on the calendar, but in no instance to exceed six months; *provided, however*, that in the case of each person committed to any State school there shall be paid monthly to the State Treasurer the sum of twenty dollars by the county from which such person is committed, for and during each month or part of month such person so committed remains in such State school or in any other State school within this State to which such person may be transferred.

For the purpose of handling the reimbursement and other payments provided for herein said probation officer shall keep suitable books and accounts and shall give and keep suitable receipts and vouchers, and if such funds shall be by said probation officer kept in a bank, said bank shall be designated by the judge of said court. The auditor of said county annually in the month of January shall audit such books and accounts and shall make a report thereon to the judge of said court and to the supervisors of such county prior to the thirty first day of said month of January.

In all cases the court may determine whether or not the parent, parents, or guardian shall exercise any control of said ward and define the extent thereof.

Any disobedience or interference with any order of the juvenile court or of the judge thereof shall constitute a contempt of court.

It shall be the duty of the probation officer to see that such parent, parents, guardian of said ward, or other person liable therefor, comply with such orders, or upon failure to make any payment directed in such orders, to report such failure to such court. The court may at any time set aside, change or modify any order herein provided for.

Where said juvenile court has ordered payment of money to be made as reimbursement to the county for the expense of support and maintenance of any ward as herein provided for or as additional amount for the expense of support and maintenance of said ward for said person, association or institution that under court order is caring for and maintaining said ward, either from the earnings, property or estate of said ward, or by the parent, parents, guardian of said ward, or other person liable for the support of said ward, execution may issue for such payment or payments upon the order and at the discretion of said court, upon affidavit of said probation officer showing that any payment or payments are due and have not been made.

SEC. 4. Section 12 of said act is hereby amended to read as follows:

Sec. 12. The court shall retain the jurisdiction of any person who is found to be a ward of the juvenile court until such ward attains the age of twenty-one years, unless, if the ward is a girl, she is married with the consent of the court entered upon the minutes of the court, or until said court is satisfied that said ward has fully reformed or that further direction and supervision under the provisions of this act are unnecessary or inadvisable for said ward's reformation; *provided, however*, that if the ward has attained the age of nineteen years or more at the time of commitment the court shall retain jurisdiction for two years from and after the date of commitment.

SEC. 5. A new section is hereby added to said act, to be numbered 19*x* 45, to read as follows:

Sec. 19*x* 45. In counties of the forty-fifth class there shall be one probation officer whose salary shall be thirty-five dollars per month.

SEC. 6. The provisions of section 5 of this act, so far as they are substantially the same as existing statutes governing counties of this class, must be construed as continuations thereof and not as new enactments; and nothing in this act contained shall be deemed to shorten or extend the term of office or employment of any person holding office or employment under the provisions of such statutes.

Motion carried.

It shall be unlawful for any person to violate, or to cause or permit to be violated, the limitations or conditions of such special permits and any such violation shall be deemed for all purposes to be a violation of the provisions of this act.

(g) Anything to the contrary herein notwithstanding, the State Department of Engineering may in its discretion limit the maximum load to be carried over or on any public bridge, causeway, viaduct, trestle or dam, below the maximum established by law; *provided, however*, that in such event said Department of Engineering shall cause suitable signs to be erected and maintained, specifying such limitation of load, such signs to be placed at a distance of not less than one hundred feet nor more than one hundred fifty feet from the approaches to such bridge, causeway, viaduct, trestle or dam.

(h) Anything to the contrary in this act notwithstanding, the owner and the operator, driver or mover of any vehicle, object or contrivance over a public highway or bridge, shall be jointly and severally responsible for all damages which said highway or bridge may sustain as the result of so operating or driving or moving such vehicle and the amount of such damages may be recovered in an action at law by the authorities in control of such highway or bridge.

(i) After this act becomes effective no motor vehicle, tractor, trailer or semi-trailer shall be registered under the terms of this act where the actual weight thereof in pounds plus the manufacturer's rated load capacity exceeds the maximum load limits prescribed in this act; *provided, however*, that any motor vehicle, tractor, trailer or semi-trailer registered prior to the taking effect of this act may be authorized to be operated under a special permit issued by the State Highway Commission under the provisions of this section.

Provided, however, that any such motor vehicle, tractor, trailer or semi-trailer operating under such special permit may be re-registered from year to year during its life.

SEC. 7. Section 20 of said act is hereby amended to read as follows:

Sec. 20. (a) The driver or operator of any vehicle in or upon any public highway shall drive or operate such vehicle in a careful manner with due regard for the safety and convenience of pedestrians and of all other vehicles or traffic upon such highway, and wherever practicable shall travel on the right-hand side of such highway. Two vehicles which are passing each other in opposite directions shall have the right of way, and no other vehicle to the rear of either of such two vehicles shall pass or attempt to pass such two vehicles. On all occasions the driver or operator of any vehicle in or upon any public highway shall travel upon the right half of such highway unless the road ahead on the left-hand side is clear and unobstructed for at least one hundred yards ahead and in all cases while crossing an intersecting highway. For the purposes of this section and its subdivisions, an animal or animals attached to any conveyance shall, with such conveyance, be deemed to constitute one vehicle.

(b) Vehicles proceeding in opposite directions shall pass each other to the right, each giving to the other one-half the road as nearly as possible.

(c) Vehicles overtaking other vehicles proceeding in the same direction shall pass to the left thereof and shall not again drive to the right until reasonably clear of such overtaken vehicle.

(d) It shall be the duty of the driver, rider or operator of a vehicle about to be overtaken and passed to give way to the right in favor of the overtaking vehicle, on suitable and audible signal being given by or on behalf of the operator, driver or other person in charge and control of such overtaking vehicle if such overtaking vehicle be a motor vehicle.

(e) Vehicles must be operated so as to allow a safe distance between such vehicles and any persons, vehicles or animals preceding them upon the highway, and outside of the business district of any county, incorporated city and county, city or town, contiguous to a public highway as such business district is defined in this act, no vehicle shall, while in motion, be closer than fifteen feet to any vehicle, person or animal in front thereof.

(f) Excepting where controlled by such traffic ordinances or regulations as are permitted under this act the operator of a vehicle shall yield the right of way at the intersection of their paths to a vehicle approaching from the right unless such vehicle approaching from the right is further from the point of the intersection of their paths than such first named vehicle.

(g) Any vehicle traveling on a public highway which is divided longitudinally by a parkway or an isle of safety, shall keep to the right of such parkway or isle of safety unless otherwise directed by the provisions of any ordinance, rule or regulation of competent local authorities.

(h) It shall be the duty of the person operating or in charge of an overtaking vehicle to sound audible and suitable signal before passing a vehicle proceeding in the same direction.

(i) All vehicles approaching an intersection of a public highway, with the intention of turning thereat shall in turning to the right keep to the right of the center of such intersection, and in turning to the left shall run beyond the center of such intersection, passing to the right thereof, before turning such vehicle toward the left. For the purposes of this subdivision the "center of such intersection" shall be held to mean the meeting point of the medial lines of the two highways traversed by the vehicle making the turn.

(j) In all passing and overtaking such assistance shall be given by the occupants of each vehicle respectively to the other as the circumstances shall reasonably demand in order to obtain clearance and avoid accidents; every person having control or charge of any motor vehicle or other vehicle upon any public highway and approaching any vehicle drawn by a horse or horses, or any horse upon which any person is riding, shall operate, manage and control such motor vehicle or other vehicle in such manner as to exercise every reasonable precaution to prevent the frightening of any such horse or horses and to insure the safety and protection of any person riding or driving the same; and if such horse or horses appear frightened the person in control of such motor vehicle or other vehicle shall reduce its speed, and if requested by signal or otherwise by the driver or rider of such horse or horses shall not proceed further toward such animal or animals unless such movement be necessary to avoid accident or injury, until such animal or animals be under the control of the driver or rider thereof.

(k) The operator of any vehicle shall not operate or drive the same so as to pass or overtake any other vehicle going in the same direction at any street intersection unless directed so to do by a traffic or police officer.

(l) The person in control of any vehicle moving slowly along and upon any public highway shall keep such vehicle as closely as practicable to the right-hand boundary of the highway, allowing more swiftly moving vehicles reasonably free passage to the left.

(m) No person shall operate or drive any motor vehicle that is so covered, loaded or constructed as to obscure the driver's view of the highway to the rear, nor any vehicle which is so covered, loaded or constructed that any portion thereof to the rear of the driver projects more than twelve inches beyond the extreme left side of the driver's seat, unless there is placed on said vehicle a mirror so located as to reflect to the driver a view of the highway for at least two hundred feet behind such vehicle.

(n) The person in charge of any vehicle in or upon any public highway, before turning, stopping, or changing the course of such vehicle, and before turning such vehicle when starting the same, shall see first that there is sufficient space for such movement to be made in safety, and if the movement or operation of other vehicles may reasonably be affected by such turning, stopping or changing of course, shall give plainly visible signal to the persons operating, driving or in charge of such vehicles of his intention so to turn, stop, or change his course, either by the use of his hand and arm, which shall be visible from the rear, or by the use of an approved mechanical or electrical device. Any such device shall upon application to the motor vehicle department be tested and certified as adequate to give the signal herein required, in the same manner and upon the payment of the same fee as in the case of headlights.

When the signal required by this section is given by the use of the hand and arm the intention to turn such vehicle toward the right or the left shall be indicated by extending the hand and arm horizontally from and beyond the side of the vehicle toward which the turn is to be made or by extending the hand and arm vertically with the hand pointing upward from the side opposite the direction toward which the turn is to be made; when the signal to be given is to indicate the intention to stop a vehicle or to abruptly or suddenly check its speed, such signal if given with the hand and arm shall be given by extending the hand and arm out from and beyond either side of the vehicle and pointed in a downward direction.

(*o*) In passing any railroad, interurban or street car while passengers are alighting from or boarding the same, vehicles shall be operated or driven on the right-hand side of such cars and at a rate of speed not exceeding ten miles an hour and no portion thereof or of any load thereon shall come within six feet of the running board of steps of such cars, and shall at all times be operated with due care and caution so that the safety of such passengers shall be assured; *provided, however*, that where local authorities have plainly marked upon the surface of the highway safety zones for the protection of such passengers, vehicles shall not, at any time, be operated or driven within such zones; *provided, further*, that said safety zones shall only be marked at street corners or at other regularly established stations or stopping places of such railroad, or interurban, or street cars, and shall not extend beyond seven feet toward the boundary of the highway from the outer rail of such railroad, interurban or street car line.

(*p*) Every motor vehicle when moving in defiles, canyons, or mountain passes where the curvature of the road or highway prevents a clear view for a distance of one hundred yards shall be held under control and not permitted to coast and the operator thereof in approaching curves shall give a warning of his gong or other adequate signaling device.

(*q*) No vehicle except vehicles operated by the fire department or police department of any incorporated city and county, city or town, shall be turned so as to proceed in the opposite direction except at an intersection of the public highway. In so turning vehicles shall pass beyond and around the center of such intersection. This provision shall not apply except in a business district or closely built up territory, as such district and such territory are defined in this act.

(*r*) Police and fire department vehicles shall at all times be equipped with a siren and it shall be unlawful for any other vehicle to be equipped with or use such a device.

(*s*) Vehicles of the police or fire department of any incorporated city or county, city or town, shall in all cases while being operated as such, have right of way over all other vehicles with due regard to the safety of the public; but this provision shall not protect the driver or operator of any such vehicle or his employer or principal from the consequence of the arbitrary exercise of this right, nor shall it be construed as permitting the violation by the operators of any such vehicles of any of the provisions of section 22 of this act, except the operators of police vehicles when such vehicles are being operated in the chase or apprehension of violators of the law or of persons charged with or suspected of any such violation.

(*t*) Upon the approach of any police or fire department vehicle it shall be the duty of the operator of any street car, upon the sounding of a signal by such police or fire department vehicle, to stop such street car forthwith, unless at the time such street car is crossing an intersection of the public highways, in which event it shall be operated so as to clear the intersection of the highways and then stopped, and every other vehicle shall immediately be moved to a position as near as possible and parallel to the right-hand curb, and shall remain there until the police or fire department apparatus has passed such vehicle.

(*u*) No person shall hitch or leave standing, or cause or permit to be hitched or left standing, any animal, or leave standing or cause or permit to be left standing, any vehicle, or stop or cause or permit to be stopped any animal or vehicle at any time upon the public highway within fifteen feet of any public fire hydrant located upon the public highway or sidewalk, unless such animal is under the charge of some person capable of driving the same or unless such vehicle is in the charge of some person capable of operating or driving the same.

(*v*) No motor or other vehicle as defined in this act shall be operated or driven on or over any public highway or bridge if the outside width of tread exceeds one hundred twelve inches or if the total outside width of the bed of said vehicle and any load thereon shall exceed one hundred two inches, nor shall any pleasure type automobile be operated on or over any public highway or bridge if any luggage, package, trunk, crate, box or other load carried thereon extends to the left side more than twelve inches beyond the body of such automobile; *provided, however*, that any city now or hereafter organized under freeholders' charter may permit or prohibit an increase beyond the maximum hereinbefore prescribed of the total outside width of the beds of vehicles and any loads thereon, where such vehicles are operated or driven and said loads are carried wholly within the limits of said city, but where any such city shall not by proper and suitable ordinance or other regulation permit or prohibit such increased width, the regulations and limitations prescribed by this act shall not apply; *and provided*, that the regulations and limitations prescribed by this act relative to the maximum widths of vehicles and their loads shall not apply to

implements of husbandry temporarily drawn, propelled or moved upon the highway; *and provided, further*, that loads not exceeding ten feet in width of loosely-piled material not crated, baled, boxed, sacked or carried otherwise than loosely in bulk, may be carried upon vehicles on the highway; *provided*, that the extreme width of such vehicles, including any loading racks thereon, shall not exceed one hundred twenty inches, as hereinbefore prescribed.

(*w*) No person shall leave standing, or cause or permit to be left standing upon the main traveled portion of any public highway, a vehicle undergoing repair, or which has been stopped for the purpose of having repairs made thereon, or for the purpose of camping; *provided, however*, that this provision shall not apply to a vehicle which shall be disabled, while on such main traveled portion of the highway, in such manner and to such extent that it shall be impossible to avoid stopping such vehicle on said main traveled portion of the highway, and impracticable to remove the same therefrom until repairs shall have been made.

(*x*) The provisions of subdivisions (*a*), (*b*), (*c*), (*d*), (*e*), (*g*), (*j*), (*k*), (*l*) of this section shall be applicable to the rider of every horse, mule or other riding animal ridden upon the public highway, to the end and effect that the same duties, rules and regulations imposed thereon upon the drivers or operators of vehicles upon the public highway, including the care to be exercised in driving or operating vehicles, the portion of the highway upon which they shall travel, the right of way as between vehicles passing or overtaking each other, or upon approaching intersections, the duty of giving way in favor of overtaking vehicles, the manner of turning at intersections and at other places upon the highway and of stopping or changing the course of the vehicles and the duties imposed upon operators or drivers of vehicles in passing railroad, interurban or street cars, shall be imposed, and they are hereby imposed, upon the riders of animals upon the public highways.

(*y*) No person owning, or controlling the possession of, any horse, cow, mule, ass, sheep, goat, hog or other live stock, shall voluntarily or negligently permit such animal to stray upon or remain unaccompanied by a herder or other person in charge or control thereof upon a public highway, either side of which is adjoined by property which is separated from such highway by a fence, wall, hedge, sidewalk, curb, lawn or building, or shall permit the tether or any portion thereof to which such animal may be attached, to lie across or upon any public highway, and no person shall feed, pasture or camp any such live stock upon any public highway between the hours of sunset and sunrise without keeping a sufficient number of herders on continual duty to keep open the road so as to admit at all times of the ready passage of vehicles, and also keeping red lanterns or lights burning to warn the public of the presence of such stock.

(*z*) No person shall discharge any firearms on any public highway.

(*aa*) No vehicle shall be operated on any public highway unless it is so constructed as to prevent its contents from dropping, sifting, leaking, or otherwise escaping from such vehicle.

SEC. 8. Section 32 of said act is hereby amended to read as follows:

SEC. 32. (*a*) Excepting as in this act otherwise provided, or where a different penalty is expressly fixed by this act, any person violating any of its provisions, or knowingly making a false statement or knowingly concealing a material fact or otherwise committing a fraud in an application for the registration of a vehicle, or in an application for an operator's or chauffeur's license, shall be guilty of a misdemeanor, and upon conviction thereof, unless in this act otherwise provided, shall be punished by a fine not exceeding five hundred dollars or by imprisonment in the county jail not exceeding six months, or by both such fine and imprisonment.

(*b*) Immediately upon receipt by the department of information concerning the conviction of any person for the violation of section 17 of this act, or concerning the third conviction within one year of any person for the violation of any of the provisions of section 22 of this act, the department shall forthwith revoke the operator's or chauffeur's license issued to such person by the department and shall issue no operator's or chauffeur's license to any such person within one year thereafter.

A plea of guilty or a failure to appear in court or forfeiture of bail by a person charged with a violation of this act shall be deemed to constitute and be tantamount to conviction for the purposes of this subdivision.

Upon the suspension or revocation of any chauffeur's or operator's license, the department shall demand the surrender of the license certificate, and any duplicates thereof that may have been issued, and also the license badge, if any, and it shall be unlawful for any person whose license has been suspended or revoked as herein provided to fail or neglect forthwith to surrender to the department any such certificates or badge in his possession or under his control. Upon receiving within one year verified written complaints made by one or more persons of two or more separate instances of reckless, negligent or unlawful operation of a vehicle on any public highway in this State by any person to whom the department has issued a valid unrevoked operator's or chauffeur's license the department may, in the discretion of the superintendent thereof, fix a time and place for a hearing to determine whether or not the operator's or chauffeur's license held by such person should be revoked on the ground that such person is an unfit person to be so licensed. The

person so complained of shall be served with a written notice, at least ten days prior to the date of said hearing, to appear and show cause, at such hearing, why his license to operate a motor vehicle upon the public highways should not be suspended or revoked. Such hearing shall be held by the superintendent of the department or by any person or persons, not exceeding three, officers or employees of the department whom he may designate. If upon such hearing it is determined that there is good and sufficient reason therefor findings and an order shall be made by the superintendent or by the person or persons holding such hearing on his behalf to the effect that such license should be revoked. The department shall thereupon cause such person's license as an operator or chauffeur to be forthwith revoked if the findings hereinbefore provided for show or declare that such operator or chauffeur is a reckless or negligent driver or that he is incompetent or unfit to operate a motor vehicle because of mental or physical infirmities or disabilities.

If in any case the respondent shall fail to appear at the time and place fixed for any such hearing as is provided in this section, he shall be in default, and if in the opinion of the superintendent or of the person or persons holding such hearing on his behalf, there is sufficient reason therefor, the license of the respondent may be ordered revoked or suspended, whereupon the department shall upon notice of such order, revoke or suspend, as the case may be, such license.

The superintendent or the person or persons holding such hearing may summon witnesses in behalf of the State and may administer oaths and take testimony, may cause depositions to be taken, and may order the production of books, papers, agreements and documents.

The fees for the attendance and travel of witnesses shall be the same as for witnesses before the superior court, and shall be paid by the State upon demand by the department filed with the Controller.

The Supreme Court, any District Court of Appeal or any superior court shall have jurisdiction, upon the application, to enforce all lawful orders of the department under this section.

(c) In addition to any or all other punishments provided in this act and imposed by the court upon any person for violation of any of the provisions of this act, the court may in its discretion, suspend an operator's or chauffeur's license for a period of not to exceed thirty days, in which case the court shall take up the license certificate of such person together with, in case of a chauffeur the license badge, and shall forward them to the department.

(d) Upon the expiration of the period of suspension of any license as hereinbefore in this section provided for, the department shall return to the licensee his license certificate, or in its discretion may issue to him a new certificate, and such license shall be valid for the remainder of the current calendar year, subject to the other provisions of this act; and in like manner the department shall return to any chauffeur whose license badge may have been forwarded to the department upon suspension of his license, such license badge or issue to such licensee a new badge.

SEC. 9. Section 34 of said act is hereby amended to read as follows:

Sec. 34. There is hereby created in the State treasury a fund which shall be known as the "Motor Vehicle Fund". During each business day the department shall file with the State Controller and the State Treasurer a report of all transactions completed during the preceding business day, involving the collection of moneys under any of the provisions of this act, and shall at the time of the filing of such report deposit in the State treasury to the credit of the Motor Vehicle Fund, all moneys so reported as collected; *provided, however*, that there is also hereby created in the State treasury a fund which shall be known as the "Transfer and Operators' License Fund," and the moneys so deposited by the department for transfers and for operators' and chauffeurs' licenses shall not be credited to the Motor Vehicle Fund but to the said Transfer and Operators' License Fund. The unencumbered balance remaining in the "Operators' License Fund", created by chapter 218 of the Statutes of 1917, is hereby transferred and credited to the "Transfer and Operators' License Fund." One half of the net receipts under this act except those credited to the Transfer and Operators' License Fund shall be paid from the Motor Vehicle Fund to the counties from which the moneys were received, as determined by the places of residence of the persons to whom the registration certificates are issued, and all such amounts so returned shall be paid into the road funds of the several counties receiving the same, and shall be expended by such counties exclusively in the construction and maintenance of roads, bridges and culverts in said counties respectively. In the event that any county has not established a road fund, its proportion of said net receipts shall be retained by the State until provision for such road fund has been made, and it shall then be paid over. In the months of February and August of each year the department shall make to the Controller a report setting forth the gross and net receipts for the preceding six months, and thereafter the Controller shall draw his warrants upon the Motor Vehicle Fund in favor of the county treasurer of each county for the amount to which such county is entitled; *provided, nevertheless*, that the Controller shall not draw such warrant in favor of any county which theretofore shall not have established a road fund or which shall be delinquent in its annual report to the State Department of Engi-

neering as hereinafter required. Of the moneys in said Transfer and Operators' License Fund, when such action has been authorized by the Board of Control, the department may draw, without at the time furnishing vouchers and itemized statements, sums not to exceed in the aggregate ten thousand dollars, said sums so drawn to be used as a revolving fund where cash advances are necessary. At the close of each fiscal year, or at any other time upon demand of the Board of Control, the moneys so drawn must be accounted for and substantiated by vouchers and itemized statements submitted to and audited by the Board of Control and by the Controller. All moneys remaining in the Motor Vehicle Fund after the expenditure herein authorized, in addition to all sums that have been heretofore or that may be appropriated hereafter by the Legislature for the same purpose, shall be expended under the direction of the State Department of Engineering for the maintenance and improvement of the State roads and highways under the jurisdiction of said Department of Engineering, and for the maintenance and improvement of roads and highways in State parks subject to the approval of the official or officials charged by law with the management and control of such parks, such moneys to be so drawn from said Motor Vehicle Fund for the purpose of such maintenance and improvement upon warrants executed by the State Controller upon demand made by the State Department of Engineering, and allowed and audited by the Board of Control. The Transfer and Operators' License Fund and so much of the Motor Vehicle Fund as may be necessary is hereby appropriated to be expended by the department in carrying out the provisions of this act; *provided, however*, that the total so expended from the Motor Vehicle Fund during any license year shall not exceed fifteen per cent of the receipts of said fund less the amounts refunded therefrom during the same year; *and provided, further*, that the board of supervisors of each county in the State shall make an annual report to the State Department of Engineering not later than three months after the close of the county's fiscal year, upon forms to be provided by the State Department of Engineering, showing the amount of moneys received from the Motor Vehicle Fund during the preceding fiscal year and the disposition of said moneys, specifying in such detail as may be required by said Department of Engineering the roads, bridges and culverts constructed or maintained out of said moneys and the sums applied to the several items of such construction or maintenance; *and provided, further*, that whenever said report shall not have been duly filed in the manner and form hereby provided at or before the time hereinbefore specified, no further warrants shall be drawn upon the Motor Vehicle Fund in favor of the county treasurer of such delinquent county until said report has been furnished.

SEC. 10. Each and all of the provisions of this act except sections 6, 7, 8 and 9, and such other provisions of this act as relate to or require the preparation or purchase of forms and supplies or other work incident to the registration of motor vehicles and trailers and the licensing of operators and chauffeurs, shall go into effect at midnight on the thirty-first day of January in the year 1922.

SEC. 11. If any section, subsection, sentence, clause or phrase of this act is for any reason held to be unconstitutional such decision shall not affect the validity of the remaining portions of this act. The Legislature hereby declares that it would have passed this act, and each section, subsection, sentence, clause and phrase thereof, irrespective of the fact that any one or more other sections, subsections, sentences, clauses or phrases be declared unconstitutional.

SEC. 12. All acts or parts of acts in any ways in conflict herewith are hereby expressly repealed."

(*a*) The court, judge or justice thereof, may suspend the imposing, or the execution of sentence and may direct that such suspension may continue for such period of time not exceeding the maximum possible term of such sentence, except as hereinafter set forth, and upon such terms and conditions as it shall determine, which terms

Where the offense consists of a violation of section 270 or 270*a* of the Penal Code of the State of California, such suspension of imposition or execution of sentence may, in the discretion of the court, continue for not over five years.

(*b*) If the judgment is to pay a fine, and the defendant be imprisoned until it be paid, the court, judge or justice, upon imposing sentence, may direct that the execution of the sentence of imprisonment be suspended for such period of time, not exceeding the maximum possible term of such sentence and on such terms as it shall determine, and shall place the defendant on probation, under the charge and supervision of the probation officer during such suspension, to the end that he may be given the opportunity to pay the fine; *provided, however*, that upon the payment of the fine being made, judgment shall be satisfied and the probation cease.

(*c*) At any time during the probationary term of the person released on probation, in accordance with the provisions of this section, any probation officer may, without warrant, or other process, at any time until the final disposition of the case, rearrest any person so placed in his care and bring him before the court, or the court may, in its discretion, issue a warrant for the rearrest of any such person and may thereupon revoke and terminate such probation, if the interest of justice so requires, and if the court, in its judgment, shall have reason to believe from the report of the probation officer, or otherwise, that the person so placed upon probation is violating the conditions of his probation, or engaging in criminal practices, or has become abandoned to improper associates, or a vicious life. Upon such revocation and termination, the court may, if the sentence has been suspended, pronounce judgment after the said suspension of the sentence for any time within the longest period for which the defendant might have been sentenced, but if the judgment has been pronounced and the execution thereof has been suspended, the court may revoke such suspension, whereupon the judgment shall be in full force and effect, and the person shall be delivered over to the proper officer to serve his sentence.

(*d*) The court shall have power at any time during the term of probation to revoke or modify its order of suspension, of imposition or execution of sentence. It may, at any time, when the ends of justice will be subserved thereby, and when the good conduct and reform of the person so held on probation shall warrant it, terminate the period of probation and discharge the person so held, but no such order shall be made without written notice first given by the court or the clerk thereof to the proper probation officer of the intention to revoke or modify its order, and in all cases, if the court has not seen fit to revoke the order of probation and impose sentence or pronounce judgment, the defendant shall, at the end of the term of probation, be by the court discharged.

(*e*) Every defendant who has fulfilled the conditions of his probation for the entire period thereof, or who shall have been discharged from probation prior to the termination of the period thereof, shall at any time prior to the expiration of the maximum period of punishment for the offense of which he has been convicted, dating from said discharge from probation or said termination of said period of probation, be permitted by the court to withdraw his plea of guilty and enter a plea of not guilty; or if he has been convicted after a plea of not guilty, the court shall set aside the verdict of guilty; and in either case the court shall thereupon dismiss the accusation or information against such defendant, who shall thereafter be released from all penalties and disabilities resulting from the offense or crime of which he has been convicted.

(*f*) The offices of adult probation officer, assistant adult probation officer and deputy adult probation officer are hereby created; *provided*, that except as hereinafter specified the probation officers, assistant probation officers and deputy probation officers appointed under an act known as the Juvenile Court Law and entitled "An act to be known as the Juvenile Court Law and concerning persons under the age of twenty-one years; and in certain cases providing for their care, custody and maintenance; providing for the probationary treatment of such persons, and for the commitment of such persons to the Whittier State School and the Preston School of Industry, the California School for Girls, and other institutions; establishing probation officers and a probation committee to deal with such persons and fixing the salary thereof; providing for the establishment of detention homes for such persons; fixing the method of procedure and treatment or commitment where crimes have been committed by such persons; providing for the punishment of those guilty of offenses with reference to such persons, and defining such crimes; and repealing the Juvenile Court Law approved March 8, 1909, as amended by an act approved April 5,

1911, and as amended by an act approved June 16, 1913, and all amendments thereof and all acts or parts of acts inconsistent herewith," approved June 5, 1915, or under any laws amending or superseding the same, shall be ex officio adult probation officers, assistant adult probation officers and deputy adult probation officers respectively except in the case of offenses committed in any city and county and also in those counties not operating under a freeholder's charter, and having a population of more than three hundred thousand, as the same is determined by the federal census taken in the year Anno Domini 1920, in which counties and cities and counties the adult probation officers, assistant and deputy adult probation officers appointed under subdivision (*g*) of this section shall serve under this act; *provided, however*, that in all cases of offenses defined by section 21 of said act, known as the Juvenile Court Law and by section 270 of the Penal Code, the same probation officers, assistants and deputies shall serve under this act as are appointed under said Juvenile Court Law.

(*g*) In any city and county and in any said county having a population of more than three hundred thousand and not operating under a freeholder's charter, the judges presiding in the departments designated for the hearing and disposition of criminal cases and proceedings by a majority vote shall by order entered in the minutes of the court appoint seven citizens of good moral character to be known as the adult probation board and shall fill all vacancies occurring in such board. The clerk of said court shall immediately notify each person appointed on said board and thereupon said person shall appear before a judge of the superior court and qualify by taking an oath, which shall be entered in said court record, to perform faithfully the duties of such adult probation board. The members of such adult probation board shall hold office for four years and until their successors are appointed and qualify; *provided*, that of those first appointed one shall hold office for one year, two for two years, two for three years and two for four years, the terms for which the respective members shall hold office to be determined by lot as soon after their appointment as may be. When any vacancy occurs in any probation board by expiration of the term of office of any member thereof, the successor shall be appointed to hold office for the term of four years. When any vacancy occurs for any other reason the appointee shall hold office for the unexpired term of his predecessor. Any member of the probation board may be removed for cause at any time by an affirmative vote of four members of said board at a meeting called for the special purpose of considering the question of said removal and the subsequent written approval of a majority of the said judges designated for the hearing and disposition of criminal cases and proceedings, said written approval to be filed with the clerk of the court within thirty days after the written report of the said board has been received by said judges. Written notice as to said special meeting shall be served on each of the members of said board at least ten days prior to the date set therefor and shall specify the purpose thereof.

It shall be the duty of such adult probation board to exercise a friendly supervision of probationers when so directed by the court, to furnish the court information and assistance whenever required upon the request of the court and from time to time to advise and recommend to the court any changes or modification of the order made in the case of a probationer as may be for the best interests of such person.

The salaries of the adult probation officer, assistant and deputies herein provided shall be paid out of the treasury of the county or city and county in which they are appointed in the same manner as the salaries of other county officers. The said adult probation officer, assistant and deputies shall be allowed such necessary incidental expenses incurred in the performance of their duties as required by any law of the State of California as may be authorized by a judge designated for the hearing and disposition of criminal cases and proceedings, or by the judge of a department to which criminal actions and proceedings are assigned, and the same shall be a charge upon the county and said expenses shall be paid out of the county treasury upon the written order of said judge, directing the county auditor to deliver

The term of office of the adult probation officer, assistant and deputies herein provided for shall be two years from the date of their appointment. The said officers may at any time be removed by vote of a majority of the judges presiding in the departments designated for the hearing and disposition of criminal cases and proceedings for good cause shown and on the filing of written charges by the said judge or judges with the adult probation board. Each adult probation officer, assistant and deputy shall give a bond in the sum of not more than two thousand dollars to be fixed and approved by the judges of the superior court presiding in the departments designated for the hearing and disposition of criminal cases, conditioned for the faithful discharge of the duties of said office. If said bonds are furnished by a surety company licensed to transact business in the State of California, the premium thereon shall be paid out of the county treasury.

The adult probation officer may appoint as many additional deputies as he may desire; *provided, however*, that such deputies shall not have authority to act until their appointment shall be approved by a majority vote of the adult probation board and by a majority vote of the judges presiding in departments designated for the hearing and disposition of criminal cases. The term of office of such deputies shall expire with the term of the adult probation officer making such appointment, but the adult probation officer may at any time in his discretion revoke and terminate such appointment. Such deputies, except as herein provided, shall serve without compensation. Boards of supervisors of cities and counties and of counties having a population of more than three hundred thousand and not operating under a freeholder's charter, shall provide and maintain at the expense of such county or city and county in a location in the vicinity of the county jail, suitable offices and quarters for the adult probation officer. Nothing contained in this subdivision shall apply to the offenses defined by section 21 of the said Juvenile Court Law and by section 270 of the Penal Code.

(*h*) Whenever any person is released upon probation under the provision of this act, the case may be transferred to any court of the same rank in any other county, or city and county, of this State in which such person resides, or to which such person may remove, and such court shall thereupon commit such person to the care and custody of the probation officer of the county, or city and county, to which such person has been transferred; such court shall thereafter have entire jurisdiction over such case, with like power to make transfer whenever to such court such transfer may seem proper.

(*i*) At the time of the plea or verdict of guilty of any crime of any person over eighteen years of age, the probation officer of the county of the jurisdiction of said crime shall, when so directed by the court, inquire into the antecedents, character, history, family environment, and offense of such person, and must report the same to the court, and file his report in writing in the records of said court. His report shall contain his recommendation for or against the release of such person on probation. If any such person shall be released on probation and committed to the care of the probation officer, such officer shall keep a complete and accurate record in suitable books or other form in writing, of the history of the case in court, and of the name of the probation officer, and his acts in connection with said case; also the age, sex, nativity, residence, education, habits of temperance, whether married or single, and the conduct, employment and occupation, and parents' occupation, and condition of such person so committed to his care during the term of such probation and the result of such probation. Such record of such probation officer shall be and constitute a part of the records of the court, and shall at all times be open to the inspection of the court, or of any person appointed by the court for that purpose, as well as of all magistrates, and the chief of police, or other head of the police, unless otherwise ordered by the court. Said books of record shall be furnished for the use of said probation officer of said county, and shall be paid for out of the county treasury.

(*j*) Every probation officer, within fifteen days after the thirtieth day of June, and within fifteen days after the thirty-first day of December, of each year, shall make in writing and file as a public document with the county clerk a report to the superior court of the county or city and county in which such probation officer is appointed to serve, and shall furnish a copy of such report to each judge in said county or city and county who has released any person on probation who at the time of such report remains on probation; and a further copy to the secretary of the State Board of Charities and Corrections. Such report shall state, without giving names, the exact number of persons, segregating male and female, and segregating misdemeanors and felonies, who have been released on probation to such probation officer as such number exists, deducting all cases of expiration, discharge, dismissal, and restoration of rights, on said thirtieth day of June and said thirty-first day of

December; and such report shall further segregate such person as having been released on probation, as the case may be, in 1903, 1904, 1905 and so on, up to and including the calendar year in which such report is made and filed.

(k) The probation officer shall furnish to each person who has been released on probation, and committed to his care a written statement of the terms and conditions of his probation unless such statement has been furnished by the court, and shall report to the court, judge or justice, releasing such person upon probation, any violation or breach of the terms and conditions imposed by such court on the person placed in his care.

SEC. 2. No lands shall be leased under the provisions of this act which are submerged to a depth of more than seven feet at ordinary low tide or which are located within one mile of the State Prison at San Quentin, or within the city and county of San Francisco or the city of Oakland, or the city of Los Angeles, or within five miles of the corporate limits of said city and county or either of said cities, or within any other incorporated city or town, or within two miles of the corporate limits thereof, or within the jurisdiction of any harbor commission created by or existing under any statute of this State, or which lie beyond (that is outside of) any harbor line or pierhead line established by authority of the United States, and only such lands shall be leased under the provisions of this act as lie adjacent and to the lands surveyed and sold as tide lands already owned by the applicant, and together with such lands constitute a united tract or area; nor shall more than five thousand acres of such lands be leased to any one person at any one time.

Any person desiring to make application that there be leased pursuant to the provisions of this act any submerged lands which shall not have been surveyed by authority of the United States may apply to the surveyor or engineer of the county in which the whole or the greater portion of such lands is situated to have the same surveyed and such county surveyor or engineer shall thereupon at the the expense of the applicant make a survey thereof, under instructions from the Surveyor General, and make and certify a plat of such survey, and such plat so certified must be filed with the application for the lease of such lands. If such county surveyor or engineer shall fail to make such survey and furnish to the applicant a certified plat thereof within ninety days after application therefor, the Surveyor General shall upon request of the applicant designate another person to make such survey and to make and certify such plat and a survey made and plat certified by the person so designated shall have the same force and effect as if made by such county surveyor. All surveys made pursuant to the provisions of this section shall conform as nearly as practicable to the system adopted by the United States for the survey of public lands and wherever practicable shall connect with a United States survey.

Whenever any such application is so approved with respect to any submerged lands described in it, the Surveyor General shall forthwith fix the annual rental per acre therefor (subject to the

approval of the State Board of Control) and he shall prepare in duplicate a lease of such lands from the State to the applicant and his or its successors or assigns, which lease shall be dated as of the date of the approval of such application and shall be for the term from and after its date specified in such application, but in no case exceeding thirty-five years. Each such lease shall by its terms provide (*a*) that the lessee or his or its successors or assigns shall pay annually in advance, as rental, to the State Treasurer for the general fund the amount per acre, fixed by the Surveyor General as above provided, for the area of submerged lands leased thereby, the first of such payments to be made on or before the delivery of such lease and the other installments of rental to be payable annually, during the continuance in force of such lease, upon or before the expiration of each successive year from and after its date; (*b*) that if any such annual installments of rental are not paid within thirty days after the same has become due and payable, the State acting through the Surveyor General at its option, by written notice addressed to the lessee and delivered at his or its address as set forth in the application (or if the lessee or his or its successors or assigns shall have specified another address by a notice filed with the Surveyor General, then at such other address) cancel such lease and terminate all future rights thereunder of the lessee and his or its successors or assigns; (*c*) that in consideration of the rental payable under such lease, the lessee or his or its successors or assigns may at any time and from time to time during the continuance in force of such lease, by dredging or otherwise alter the surface conformation of the leased lands and remove therefrom any earth or other materials of any kind contained therein and for any purpose use or redeposit any such materials on any portion of the leased lands or elsewhere, *provided*, that no such use shall be made of any of such leased lands by the lessee by his or its successors or assigns as will prevent the ebb and flow of tidal waters thereover or substantially lessen the depth of water thereon; and (*d*) that there is reserved from the operation of such lease, and that such lease is subject to, the public right and easement to use the waters over the leased lands for navigation and fishing.

Such lease when so prepared shall be forthwith signed in duplicate in the name and on behalf of the State by the Governor, attested by the Secretary of State, sealed with the Great Seal of the State, and countersigned by the Register of the State Land Office and when the same has been so signed, attested, sealed and countersigned, the Surveyor General shall forthwith give notice by registered mail to the applicant at his or its address as stated in the application that such lease is ready at the office of the Surveyor General for execution by and delivery to the applicant. Within thirty days after the mailing of such notice the applicant shall sign such lease in duplicate as lessee and pay to the State Treasurer for the general fund the installment of rental which by the terms of such lease is to be paid on or before its delivery and upon the issuance by the treasurer to the applicant and the filing with the Register of the State Land Office a certificate of such payment, the Surveyor General shall deliver one of the duplicates of such lease to the applicant and shall file the other duplicate thereof in the State Land Office, and such lease shall thereupon be in force and effect. If the applicant shall fail to sign such lease in duplicate or make such initial payment of rental, within thirty days after the mailing to the applicant of the notice herein provided for, that such lease is ready for signature by and delivery to the applicant, the applicant shall be deemed to have waived all right to obtain such lease upon the application theretofore filed and a lease of any submerged lands covered by such application shall not thereafter be made except upon another application for lease being filed and approved pursuant hereto.

SEC. 3. A new section is hereby added to this act to read as follows:

SEC. 7. Where a municipal corporation contains a center of population subdivided into town or villa lots and also an area of ranch land or unsubdivided acreage and the assessed value of such ranch land or unsubdivided acreage together with the assessed value of the improvements and personal property situated and assessed within such area is more than seventy-five per cent of the entire assessed valuation of all the assessable property within such municipality as shown by the last preceding annual assessment roll of the county in which such municipality is situated, and where the population of such area is less than fifteen per cent of the entire population of such municipality, such ranch land or unsubdivided acreage may be excluded from said municipality after proceedings had as required by this section.

The board of supervisors of the county or city and county wherein such municipal corporation is situated, upon receiving a written petition therefor containing a description of the exterior boundaries of the ranch land or unsubdivided acreage proposed to be excluded from said municipal corporation, and signed by not less than one-half of the number of the qualified electors residing at the time of filing said petition, within the boundaries of the area proposed to be excluded, shall without delay notify the legislative body of the municipal corporation from which it is proposed to exclude such territory of the fact of filing such petition. The board of supervisors shall cause a copy of such petition to be published at least two weeks before the time at which the same is to be heard in some newspaper printed and published in such county, together with a notice stating the time of the meeting at which the same will be heard. Any person interested may object to such exclusion by filing a written protest with the board of supervisors at or before the time fixed for the hearing of said petition. In the event that the owners of more than one-half of the land proposed to be excluded file remonstrances against such exclusion the proceedings shall be suspended by the board of supervisors and shall be a bar to any further proceedings for the exclusion of such territory for a period of one year.

The board of supervisors shall ascertain and determine the character of the land proposed to be excluded, the proportion which the assessed value of all assessable property within such boundaries bears to the assessed value of all assessable property within said municipality and also the proportion which the population of such area bears to the entire population of said municipality at the time of filing said petition; and such determination shall be final and conclusive.

The affidavit of a registered elector residing within the boundaries of the ranch land or unsubdivided acreage proposed to be excluded, filed with the petition, shall be prima facie evidence of the requisite number of signers to the petition, of the character of the land proposed to be excluded, of the proportion which the value of all assessable property within such area proposed to be excluded bears to the assessed value of all the property within said municipality, and of the proportion which the number of inhabitants within such area bears to the total number of inhabitants of said municipality.

If the board of supervisors shall, upon such hearing, determine that the land proposed to be excluded is ranch land or unsubdivided acreage and that the assessed value of all property within such area proposed to be excluded is more than seventy-five per cent of the assessed value of all property within said municipality as shown by the last preceding annual assessment roll of the county and that the population of such territory is less than fifteen per cent of the entire population of such municipality, the board of supervisors shall cause a report of such finding and determination to be entered upon its minutes. The clerk of said board of supervisors shall make and certify under the seal of said board of supervisors and transmit to the Secretary of State and to the clerk or other officer performing the duties of the clerk of such municipal corporation a copy of said report so entered upon its minutes. From and after the date of filing said document in the office of the Secretary of State the exclusion of such territory proposed to be excluded shall be deemed and shall be complete and thenceforth such excluded territory shall cease to be a part of the municipal corporation for all intents and purposes: *provided*, that nothing contained in this act shall be held to relieve in any manner whatsoever any part of said territory from any liability for any debt contracted by such municipality prior to such exclusion; *and provided, further*, that such municipal corporation is hereby authorized to levy and collect from any territory so excluded such taxes as shall be found due from the account of its just proportion of liability for the payment of principal or interest on such debts.

All proper expenses of proceedings for the exclusion of territory under this act whether such exclusion shall be made and completed or not shall be paid by the county wherein said municipality is situated.

Whenever any territory is excluded from a municipal corporation under the provisions of this act and such municipal corporation shall at such time be entitled to the payment to it of any moneys under the provisions of section 2656 of the Political Code any and all claims which it may have to unexpended highway taxes shall thereupon cease and terminate, and, pending a proceeding for exclusion of territory under this act, the right to collect the same shall be suspended *provided, however*, that the provisions of this section shall not apply to any ranch land or unsubdivided area where the assessed value of such land together with the assessed value of the improvements and personal property situated and assessed within such area has increased to seventy-five per cent of the entire assessed valuation of all the assessed property within such municipality subsequent to the incorporation of such territory or its annexation to the municipal corporation.

SEC. 4. Section 756 of an act entitled "An act to provide for the organization, incorporation and government of municipal corporations," approved March 13, 1883, as amended, is hereby amended to read as follows:

The Secretary was directed to call the roll, on the question of receding from Senate amendments Nos 1, 2, 3, 4, 7, 8, 9, 10, and 11, to Assembly Bill No. 851, of the Senators who had not answered to their names.

The roll was called, and the President of the Senate announced the vote on the question before the Senate, which was as follows:

AYES—Senators Boggs, Breed, Burnett, Canepa, Carr, W. J., Crowley, Dennett, Flaherty, Gates, Harris, Ingram, Johnson, Jones, Nelson, Osborne, Otis, Rigdon, Rush, Scott, and Sharkey—20.

NOES—Senators Allen, Anderson, Arbuckle, Carr, F. M., Chamberlin, Duncan, Eden, Godsil, Hart, Inman, Irwin, King, Lyon, McDonald, Purkitt, Rominger, Sample, Shearer, Slater, and Yonkin—20.

ANNOUNCEMENT.

The President of the Senate announced that the vote to recede from Senate Amendments Nos. 1, 2, 3, 4, 7, 8, 9, 10, and 11 to Assembly Bill No. 851, was twenty ayes and twenty noes, and that it must now be decided whether, under the provisions of Section 15 of Article V, of the constitution of the State of California, it became the duty of the President of the Senate to cast the deciding vote; that the question as to whether, under the constitution, there was any limitation on this power and duty of the President was a very important one, and that having gone into the matter with a considerable degree of thoroughness, in anticipation of such an emergency arising at some time during the session, he desired to lay the matter before the Senate at length, for its acceptance or rejection of his conclusions based both upon his study of the constitution and upon former precedents in the Senate.

POINT OF ORDER.

Senator McDonald raised the point of order that the President has no right to make such a statement during a roll call.

DECISION ON POINT OF ORDER.

The President announced his decision and declared the point of order not well taken, inasmuch as he was speaking, not on the pending question which was being voted upon by the roll call, but upon a matter necessarily preceding, viz., as to whether it became the duty of the President of the Senate to cast his vote at such roll call; however, inasmuch as the determination of this matter might form an important precedent for future sessions of the Senate that he desired, for the purpose of ascertaining the judgment of the Senate on this and any other decision on points of order he might make during these proceedings, that an appeal should be taken from the decision of the chair.

APPEAL FROM DECISION OF CHAIR.

Whereupon Senator Inman appealed from the decision of the chair.

The question being: Shall the decision of the chair stand as the decision of the Senate?

The chair was unanimously sustained.

STATEMENT BY THE PRESIDENT.

At this point the President of the Senate presented the following statement, which was ordered printed in the Journal upon motion of Senator Breed.

Having anticipated that at some time during this session a tie vote might arise, your President has studied rather carefully into the provision of section 15, article V, of the State constitution, which states that the Lieutenant Governor "shall be President of the Senate, but shall have only a casting vote therein." The question at issue seems to hinge upon the meaning of the term "casting vote," which, if it means anything at all, must mean something very definite.

Fortunately this term has been defined by many authorities. For instance, I quote from Cushing's encyclopedic "Law and Practice of Legislative Assemblies,"

published in 1856: "By a casting vote, is meant one which is given when the assembly is equally divided, and when the question pending is in such a situation that a vote more on either side will cast the preponderance on that side, and decide the question accordingly." From Abbot's Law Dictionary, published in 1879, we read that a casting vote is "the vote of a presiding officer, at an assembly or meeting, given to decide the question when the votes of the assembly or meeting are equally divided between the affirmative and negative." And Black's Law Dictionary, published in 1910, states as follows: "Where the votes of a deliberative assembly or legislative body are equally divided on any question or motion, it is the privilege of the presiding officer to cast one vote on either side. This is called the 'casting vote.'"

The question then arises as to whether there are any limitations as to when this casting vote may be given—whether on any other occasion than on the final passage of a bill, at which time it is always expected as a matter of course. From the fact that the constitution places no such limitation on the use of the casting vote, I am forced to infer that no such limitation was intended, but that it was designed to be used, as expressed in Black's Law Dictionary, quoted above, "when the votes are equally divided *on any question or motion*."

This interpretation is in line with decisions in the United States Senate, based on a similar provision in the United States constitution. From Hind's "Precedents," Vol. V, p. 518, we read a decision made in the Senate by a former Vice President, as follows: "The chair has very carefully considered the question raised by the Senator from Ohio, and he has no doubt of his right to vote in all cases where the Senate is equally divided." And in no case quoted by Hinds has any appeal been sustained from this or similar decisions.

In our own State Senate, I find that the President has voted when the Senate was equally divided (1) on the final passage of a bill when the tie was twenty to twenty; (2) on reconsideration of a bill when the tie was twenty to twenty; (3) on an amendment to a bill when the tie was less than twenty to twenty; (4) on a resolution with the tie less than twenty to twenty; (5) on various motions with the tie less than twenty to twenty. Let us examine instances of each of these cases.

(1) On the "final passage of a bill" the right of the President to a casting vote is generally conceded, and no illustrations need be given. (2) On a "motion to reconsider" the vote whereby a Senate Bill had been passed, an excellent illustration of the President's casting the deciding vote occurred during the thirty-ninth session of the Legislature. In that session on March 21, 1911, Senator Lee C. Gates moved to reconsider the vote by which a very hotly contested bill, Senate Bill 965, had hitherto been passed. A call of the House ensued, lasting many hours, at the conclusion of which the vote stood twenty to twenty; whereupon, as reported on page 2369 of the 1911 Senate Journal, "The President of the Senate announced that the vote to reconsider Senate Bill No. 965, being twenty ayes and twenty noes, under the provisions of Section 15 of the Constitution of the State of California, it was the duty of the President to cast the casting vote." Senator Wolfe then raised the point of order: "That the casting vote vested in the President of the Senate was only the vote on the original passage, and not on questions of reconsideration." The President of the Senate ruled the point of order not well taken, whereupon (though not reported in the Journal) all in the Senate at that time will recall that a very full discussion of the point of order was had, at the conclusion of which no appeal was taken from the decision of the chair.

(3) As to the casting vote on an "amendment," one instance, among others, may be found on page 466 of the Senate Journal of 1885, where the vote on the adoption of an amendment to Assembly Bill 89, was sixteen ayes and sixteen noes. "Whereupon the President announced that the vote was a tie, and that he would exercise his constitutional right of casting the deciding vote by ordering the Secretary to record his vote 'Aye'. So recorded, and the amendment adopted." (4) On a "resolution," an instance occurred during this same session of 1885, as recorded on page 133 of the Senate Journal of that year, where the President voted "No" on a resolution which had brought forth a vote of seventeen ayes and seventeen noes. (5) On "various motions," the first instance I have found occurred away back in 1866, when the Senate was operating under the provision of the constitution of 1849, but which was, word for word, the same as that of our present constitution. In that year, on a motion to refer Assembly Concurrent Resolution No. 55 to the Committee on Federal Relations, the vote was fifteen ayes and fifteen noes. "The vote, affirmative and negative, being equal, the President of the Senate, in exercise of his constitutional privilege, voted in the negative, and thereby the motion to refer was lost." (Senate Journal, 1865-6, p. 380). Numerous instances of the same kind occurring under our present constitution may also be found.

It will be noted, therefore, that abundant instances have occurred where the President of the Senate, acting under authority of the constitution, has given a casting vote on all sorts of questions where the vote was equally divided, whether the full membership of the Senate voted or not. On the final passage or the reconsideration of a bill, a vote of forty Senators is, of course, necessary, since twenty-one votes are in these cases requisite for deciding the question. On other questions, however, I feel certain that the only requisite is that the vote must be

a tie, although I believe that it would always be wise for the President, through a call of the House, to secure the attendance of all the Senators possible before giving this casting vote.

As will also be noted, in no instance, as far as I have been able to discover, has any appeal from the right and duty of the President to give this casting vote been sustained by the Senate. However, I desire to make certain of the opinion of this Senate on this matter, and in ruling that the President has this right of giving a casting vote in the present instance, and in other instances such as I have cited, I shall ask some senator to appeal from this decision of the chair, that this Senate may go on record as to their judgment regarding this very important question.

APPEAL FROM DECISION OF CHAIR.

Whereupon Senator Duncan appealed from the decision of the chair, stating that he did so solely to help establish a precedent.

The question being, shall the decision of the chair stand as the decision of the Senate.

The decision of the chair was sustained.

ANNOUNCEMENT OF VOTE.

The President of the Senate then announced that on the question of receding from Senate Amendments Nos. 1, 2, 3, 4, 7, 8, 9, 10, and 11 to Assembly Bill No. 851, the President voted "Aye", and that, in conformity with the principles of parliamentary practice as cited on pages 121, 122, and 123 of Cushing's Law and Practice of Legislative Assemblies, he would give a brief statement as to the reasons for his vote.

STATEMENT BY THE PRESIDENT.

My statement as to my reasons for voting to recede from these Senate Amendments will be very brief. Had I been called upon to vote at the time these amendments were adopted, I should have voted in favor of them, for although I should exceedingly dislike to cripple our State institutions by taking from them any measure of support needed for the maintenance of the wards of our State, at the same time, I believe that evident falling prices make this five per cent reduction possible, and that the State institutions not only can make this saving, but will do so whether we adopt these Senate amendments or not.

However, the Assembly has decisively refused to concur in these Senate amendments and has asked us to recede. If we refuse to recede, this vitally important General Appropriation Bill must go to free conference. The Assembly has nearly completed its business of this session, and Assemblymen will inevitably soon begin to leave for their homes. If a free conference on this bill is prolonged, as must surely happen with the sharp difference of opinion between the two Houses, it may very easily occur that the necessary votes to adopt the free conference report can not be obtained. In my judgment, at this late hour of this last day of the Session, we can not afford to take a single chance on the passage of a bill on which depends the entire government of the State for the next two years. I have therefore voted "Aye" on this motion to recede.

The Senate accordingly receded from Senate amendments Nos. 1, 2, 3, 4, 7, 8, 9, 10, and 11 to Assembly Bill No. 851.

The question being: Shall the Senate recede from Senate amendment No. 12 to Assembly Bill No. 851?

ASSEMBLY JOINT RESOLUTION No. 31.

Relative to revision of the Federal Transportation Act of 1920 to establish a just and equitable rule of rate making.

WHEREAS, By section 422 of the Transportation Act, 1920, amending the Interstate Commerce Act by adding section 15*a* thereto, the Congress of the United States prescribed a rule of rate making whereby the Interstate Commerce Commission shall fix rates so that carriers as a whole will under honest, efficient and

economical management and reasonable expenditures for maintenance of ways, structures and equipment earn an aggregate annual net railway operating income of six per cent upon the aggregate value of railway property held for and used in the service of transportation; and

WHEREAS, Said transportation act as now framed applies to and assures a six per cent income return to all railway properties, regardless of whether or not said property was reasonably acquired for, or properly applied to, transportation uses; and

WHEREAS, Such rule of rate making in effect guarantees to carriers annual net earnings and removes the incentive for efficiencies in operation and economy in expenditures; and

WHEREAS, Such rule of rate making imposes upon shippers and the public an excessive transportation burden making it impossible for producers to market their products and destroying the value of producing properties especially agricultural and horticultural lands and has in its operation wholly failed to accomplish any beneficial results for the carriers but on the contrary has been detrimental to the interests of producers and the public at large; now, therefore, be it

Resolved by the Assembly and Senate, jointly, That the Legislature of the State of California at its forty-fourth session petitions the Congress of the United States to reconsider the Transportation Act of 1920, and urges Congress to eliminate the objectionable features herein pointed out, and to grant a rate structure that will not place a false earning power on a large fictitious railroad capital, the payment of which is stifling to industries of the Pacific coast; and be it further

Resolved, That a copy of this joint resolution be sent to the President of the United States, to the Interstate Commerce Commission, to the members of the committee on interstate commerce of the Senate, and to the members of the committee of interstate and foreign commerce of the House of Representatives, to the Governors of each of the western states, and to each member of the Senate and House of Representatives of the United States from the State of California.

WHEREAS, The members of the forty-fourth session of the Legislature of California have, during the past four months, been working assiduously enacting laws in a common desire to advance the welfare of the State, forgetful at times of the sentiments and feelings of others, and taking few of the precious passing moments for personal relaxation; and

WHEREAS, There has been quietly moving in our midst, one devotedly seeking the cherished talents and secret ambitions upon which to play all the wealth and richness of an abundant vocabulary in the provocation of mirth and glee; and

WHEREAS, In this, his success has been little short of phenomenal, as is attested by the love, respect and admiration of his victims; and

WHEREAS, The recollections of the oratory will not many years survive, and time will soon efface from memory the causes of all the many verbal discords and dissensions; therefore, be it

Resolved by the Senate and Assembly jointly, That the name of Eddie Boyden, the maker of real laughter, the giver of delight, the portrayer of human nature, the Prince of Legislative Scribes, will go with us forever; and be it further

Resolved, That as the days go by and it becomes our good fortune to behold a copy of the San Francisco Chronicle, we will instinctively turn the pages over to smile upon the likeness of his sunny face, and laugh with him again.
